Three Cheers for a Brand New Year!

What a year we've had here at Thunderbird HQ! The recurring theme for 2020: pivot! Ross from Friends would surely approve this message. We've done our own share of pivoting, and we've learned some important things along the way.

Here are some of our biggest takeaways from 2020:

Health is wealth

One thing that 2020 further emphasized is the ongoing importance of maintaining a healthy and active lifestyle. This is something we intend to stand by, and this is why we only use real, nutrient dense ingredients in our bars. You could say we're pretty *barticular* over here ;) They'll keep you fueled up and ready to go, so you can take on whatever comes your way.

We are all human

We think kindness is cool, and we'll continue to support those who are trying to find their voice. We believe in diversity, and we love the work we do because we get to unite people through food - our universal language. We miss y'all, and can't wait to see everyone at events again when it's safe to do so!

We are still learning

We continue to learn from each other every day, and it's an ongoing process. We are a tight-knit crew made up of creators, collaborators, foodies, and adventurers. We're excited to see what this year brings, and we hope you'll come along for the ride!

Until next time flock,

The Thunderbird Crew

Oh yeah, one more thing:
We have a **NEW** look!

Now it's even easier to find your fave!
